

Dental Treatment in the Era of COVID-19

First and foremost, we want to thank you for your continued trust in our practice.

As with the transmission of any communicable disease, like a cold or the flu, you may be exposed to COVID-19 at any time or in any place. Be assured that we are in compliance with all applicable regulations, all recommended universal personal protection, and all disinfection protocols, to limit transmission of this disease in our office.

Despite our careful attention to sterilization, disinfection, and use of personal barriers, there is still a chance that you could be exposed to an illness in our office, just as you might be at your gym, grocery store, or favourite restaurant.

Nationwide "Social Distancing" has proven to reduce the transmission of this virus and we have taken all possible measures to provide social distancing throughout our practice. Unfortunately, the nature of the procedures we provide do not allow for social distancing between the patient, dentist, and dental staff.

Although exposure is unlikely, do you accept the risk and consent to treatment?

Yes _____ No _____
